

This summer I'm gonna save the day... or at least save you some money!

Adelphia

Ted is trying to help folks make the right choice for their TVs this summer...

Sadly, satellite customers often lose reception during summer showers. Some say they have to pay more to maintain very expensive equipment. And satellite customers say they have to pay more just to watch TV in little Johnny's bedroom, too. Ted does not want this to happen to you! He's here to help!

He wants you to know you can get **over 120 channels for under \$30 a month** straight up until 2006. He has more for you, too! Also included in this special are:

- All your favorite local channels at no additional cost
- Extra rooms without any additional monthly fees
- A digital receiver and remote control

Adelphia's Video On Demand comes standard, too. Now, a library full of movies and programming is ready and waiting for you to view them on your TV!

Sale Ends Memorial Day!
