

It's almost over... why haven't you called? I'll help you make the right choice!

Adelphia

Toiling tirelessly, Ted vows to work 'til the last moment to help folks make the right choice for their TVs...

It's incredible that some satellite customers have yet to listen to what Adelphia has to offer them. No contracts. No expensive equipment to buy. Reliable crystal clear reception even during summer showers. No extra charge to watch TV in little Johnny's bedroom. Ted wants you to get the best value for your money! Let him help you!

He wants you to know you can get **over 120 channels for under \$30 a month** straight up until 2006. That's less than dinner for two, or movies for three with the popcorn, or an oil change, or a haircut! **Seven months** of savings at this incredible price! He has more for you, too. Also included in this special are:

- All your favorite local channels at no additional cost
- Extra rooms without any additional monthly fees
- A digital receiver and remote control
- FREE installation

Adelphia's Video On Demand comes standard, too. Now, a library full of movies and programming is ready and waiting for you to view them on your TV!

Sale Ends Memorial Day!
